SUBJECT INDEX

ACIDURIA:
and parity, association, 122
in postparturient dairy cows, 119
Acridine orange, effect on viability of pre-implantation mouse embryos, 306
Acute non-immune inflammation, action of betamethasone, 143
AELIA™, 87
Anaesthetic agents, effects in the horse, 506
Antibiotics:
in dermatology, 117
intramammary, in treatment of clinical mastitis, 88
residues in meat, 485
Artificial insemination of cattle after synchronization of oestrus, 136
Artificial rearing of baby piglets, 369
survival rates, 373
Aspirin, pharmacokinetics and serum TXB_2 concentrations in the horse, 470
Atrial automaticity disturbances in small animal anaesthesia, 97
Atrial flutter and fibrillation in small animal anaesthesia, 101
Atrioventricular blocks in small animal anaesthesia, 105

BACTERIAL skin disease in the dog, 112
classification, 113
pathogenesis, 112
therapy, 115
Betamethasone in equine inflammation, 143
Biotechnology, source of medicinal products, 487
Birds:
anaesthesia of, 23, 25
biological data, 21
clinical examination, 31
disease and treatment, 26, 28
handling and restraint, 23
Boran, oestrous cycle, behavioural and ovarian changes during, 75
β-blocker carazolol administration in acute heat-stressed pigs, 451
Blood components in calves aged 2-4 weeks, 186
Blood values and liveweight gains in calves, 184
Book reviews, 91, 191, 283, 379, 480, 583
Bradycardia in small animal anaesthesia, 98
Brain function in cattle, effects of captive bolt stunning, 574
Brucella abortus strain 19 vaccination in dairy cattle, 477
Bundle branch blocks in small animal anaesthesia, 106

CALCANEAL tendon injuries in the dog, 392
Camel pox virus, isolation of, 581
Camels, estimation of progesterone levels in milk, 555
Captive bolt stunning of cattle, 574
Carazolol administration in acute heat-stressed pigs, 448
Cardiac arrest:
in broiler chickens, 177
in small animal anaesthesia, 108
Cats:
ocular emergencies in the dog and cat, 489
presence of *Toxoplasma gondii*, 161
Cattle:
aciduria in postparturient dairy cows, 119
antibiotic treatment of clinical mastitis during lactation, 410
blood values and liveweight gains in calves fed milk replacer, 184
Brucella abortus strain 19 vaccination, 477
effects of captive bolt stunning, 574
clinical examination in postparturient dairy cows, 120
cypermethrin for control of summer mastitis, 531
displaced abomasum in postparturient dairy cows, 122
effects of road transportation of calves, 166
epidemiology of summer mastitis, 520
fenprostalene and placental retention in dairy cows, 549
fertility trial in Nigerian zebu, 136
histology and histochemistry of reproductive tract
I. vestibule, 328
II. vagina, 337
hormonal interaction in bulls, 454
immunoglobulins to neutralize *Pasteurella haemolytica* leucotoxin, 439
infertility in dairy cows, 560
ketonuria in postparturient dairy cows, 122
luteal phase deficiency in dairy cows, 560
neonatal blood values in calves, 184
oestrus detection in Nigerian Zebu, 137, 254
ostertagia infection, neutrophil function and cobalt, 348
plasma levels of progesterone in Nigerian Zebu, 254
postparturient diseases in cows, 122
pregnancy determination in cows, 85
progesterone coils, influence on plasma constituents in buffaloes, 344
retained placenta and metritis in postparturient cows, 122
sperm abnormalities in bulls, 72, 312
sulbactam-ampicillin in calves, 361
urine reaction in postparturient dairy cows, 125
Zimbabwe, mastitis in, 44
Chickens:
electrical stunning of, 175
presence of salmonella, in the Sudan, 537
Chlamydia psittaci infection of sheep, 221
Colostrum consumption by piglets, 371
Commercial stunners for poultry appraisal, 176
Corticosteroids for treatment of ovarian cysts in dairy cattle, 229
Cortisol, interaction with plasma luteinizing hormone and testosterone in bulls, 454
Cypermethrin, effectiveness in control of summer mastitis, 531
Cystic ovarian disease in dairy cattle, 226

DEER, Muntjac, capture techniques, 35
Dermatology, antibiotics in, 117
Development errors in tarsus of the dog, 503

Dislocations of tarsus of the dog, 500
Dogs:
bacterial skin disease, 112
I. disorders of the tarsus, 388
II. disorders of the tarsus, 498
elbow, 1
ocular emergencies in dog and cat, 489
presence of *Toxoplasma gondii*, 161
ultrasound detection of metallic foreign body in soft tissues, 278
Domestic fowl, *Escherichia coli* serotypes in, 273
Drug list, emergency, for small animal anaesthesia, 99
Drugs active against *Toxoplasma*, 132

EJACULATION in bulls, 70
Elbow, canine, 1
anatomy, 1
arthrodesis of, 18
congenital dislocation of, 7
developmental conditions, 1
dislocation of, 15
subluxation, 9
traumatic conditions, 10
Electrical stunning, effect on EEG in chickens, 175
Electroencephalogram of broiler chickens after stunning, 176, 178
Epidemiology of summer mastitis, 520
Epiphyseal injuries of tarsus in dog, 498
Escherichia coli:
ecology in healthy newborn piglets, 541
serotypes in domestic fowl of Punjab, 273
Ethidium bromide, effect on viability of mouse embryos, 306
Exotic disease, continuing threat, 386

FENPROSTALENE and placental retention in dairy cows, 549
Fetal death and abortion in ewes and cows, 238
Flunixin, pharmacokinetics and serum TXB_2 inhibition in the horse, 466
Fracture dislocation, Monteggia, in the dog, 16
Fractures:
condylar fractures of humerus in dog, 11
of olecranon, in dog, 15
of radial head in dog, 15
supracondylar facture of humerus in dog, 14
of tarsus in dog, 394

GENITAL tract, cyclical changes in the boran, 78
George Fleming prize, 202
Goats:
hormone assays, 515
pentobarbitone sodium anaesthesia, effects of, 513
Trypanosoma congolense infection, effect on oestrous cycle, 423
Grey seals:
morbidity, 205
mortality, 210
post-mortem findings, 206

HISTOLOGY and histochemistry of the bovine reproductive tract:
I. vestibule and associated glands, 328
II. vagina and associated structures, 337
Hormonal interaction in bulls, 454
Hormone assays in goats, 515
Horses:
active skin tests for allergic skin reactions, 60
allergic skin reactions to biting insects, 59
anaesthesia in, 506
antibodies in allergic skin reactions, 59
intradermal skin tests, 60, 62
NSAID and serum thromboxane, 462
passive transfer tests for allergic skin reactions, 60
serum thromboxane inhibition, 462
Humerus, canine:
condylar fractures of, 11
supracondylar fracture of, 14

INFERTILITY in dairy cows due to luteal phase deficiency, 560
Isorhythmic AV dissociation in small animal anaesthesia, 108

KETONURIA in postparturient dairy cows, 122

LEUCOCYTE and plasma assays in calves, 167
Liver glycogen in slaughtered pigs, 354
Livestock production, changes in, 290
Lower vertebrates, non-domesticated, 193
Luteal phase deficiency in dairy cows, 560
Lymphocyte subpopulations, detection in calves, 168

MASTECTOMY in sows, effects on reproduction, 318
Mastitis:
and milk production in cattle in Zimbabwe, 44
clinical, antibiotic treatment during lactation, 410
clinical, cure rates with intramammary antibiotics, 89
control in dairy cattle, 420
subclinical, in ewes, 402
summer, control by cypermethrin, 531
summer, epidemiology, 520
therapy, 410
Meat, antibiotic residues in, 485
Meat animals, presence of *Toxoplasma gondii*, 160
Medicinal products derived through biotechnology, 487
Milk production, and mastitis in Zimbabwe cattle, 44
Milk progesterone test, 83
Mortality:
and morbidity in wild grey seals, 203
of tortoises in pet shops, 567
of tortoises in transport, 432
Mouse embryos, viability staining of, 306

NASAL mucosa biopsy in porcine atrophic rhinitis, 246
Neoplasia in the tarsus of dog, 504

OCULAR emergencies in the dog and cat, 489
Oestrus cycle in the boran, 75
Oestrus detection in Nigerian Zebu cows, 137, 254
Olecranon, canine, fractures of, 15
Osteochondritis dissecans, 1
Osteochondrosis in the dog, 392
Ostertagia infection, neutrophil function and cobalt in cattle, 348
Ovine toxoplasmosis, 128

PARASITIC diseases of West African Dwarf sheep and goats, 264
Pasteurella haemolytica leucotoxin, neutralization by bovine immunoglobulins, 439
Pentobarbitone sodium anaesthesia, effect on goats, 513
Pets, veterinary work with non-domesticated:
III. birds, 21
IV. lower vertebrates, 193
Phenylbutazone, pharmacokinetics and serum TXB_2 inhibition in the horse, 465
Pigs:
acute heat-stressed, changes in renal function, 448
artificial rearing of baby piglets, 369
distribution of *E. coli* strains in healthy newborns, 544

ecology of *E. coli* in newborns, 541
effects of mastectomy on reproduction, 318
liver glycogen in slaughtered pigs, 354
Plasma kinetics of sulbactam-ampicillin, 361
Plasma levels of progesterone in Nigerian Zebu cows, 254
Plasma luteinizing hormone, inter-relationship with testosterone and cortisol in bulls, 454
Plasma oestrone sulphate concentrations in cows and ewes after fetal death and abortion, 238
Plasma progesterone, radioimmunoassay, 76
Porcine atrophic rhinitis, diagnosis of, 246
Postparturient urine reaction in dairy cows, 125
Pregnancy diagnosis:
in camels, 555
in Nigerian Zebu cows, 138
Pregnancy testing today, 385
Premature ventricular contraction in small animal anaesthesia, 102
Professional development, 486
Progesterone:
coils, influence in buffalo plasma, 344
concentrations, in cows and ewes after fetal death and abortion, 238
estimation of levels in camels' milk, 555
plasma levels after prostaglandin $F_{2\alpha}$ analogue induced oestrus in Nigerian Zebu cows, 254
treatment of ovarian cysts in dairy cattle, 231
Prostaglandin $F_{2\alpha}$ analogue induced oestrus, 254
Prostaglandin $F_{2\alpha}$ induced oestrus, 136
Pyodermas in the dog, 113

RENAL function in acute heat-stressed pigs, 448
Respiratory insufficiency in small animal anaesthesia:
drug indications, contraindications and side-effects, 302
induction, 298
maintenance, 299
premedication, 297
preoperative evaluation, 291
preoperative preparation, 295
recovery, 301

SALMONELLA, isolation and identification from chickens in the Sudan, 537
Selenium:
distribution in lamb tissues after sodium selenite administration, 51
radioactive measurement of, 52
residues in lamb tissues, 53
Serum thromboxane inhibition in the horse, 462
Shearing injury of the tarsus in dog, 503
Sheep:
experimental infection with *Chlamydia psittaci*, 221
subclinical mastitis, detection of, 402
Small animal anaesthesia:
II. intraoperative cardiac dysrhythmias, 97
Sodium selenite, administration to lambs, 51
Sperm abnormalities in bulls, 72, 312
Sulbactam-ampicillin, plasma kinetics in calves, 361
Supraventricular tachycardia in small animal anaesthesia, 97

TARSUS, canine:
calcaneal tendon injuries, 392
development errors, 503
dislocations, 500
epiphyseal injuries, 498
fractures, 394
gross anatomy, 388
neoplasia, 504
osteochondrosis, 392
radiographic anatomy, 391
shearing injury, 503
Testosterone, interaction with plasma luteinizing hormone and cortisol in bulls, 454
Therapy:
mastitis, 410
systemic antibiotic, for bacterial skin diseases of dog, 115
Tortoises:
mortality in pet shops, 567
mortality in transport, 432
Toxoplasma, drugs active against, 132
Toxoplasma gondii, prevalence in meat animals, cats and dogs, 159
Toxoplasmosis, ovine, 128
Triceps tendon, canine, injuries to, 18
Trypanosoma congolense infection in goats, 423

ULTRASOUND detection of metallic foreign body in soft tissues of dog, 278
Ununited anconeal process, 1
Ununited medial coronoid process, 1
Ununited medial epicondyle, 7

VACCINATION of dairy cattle with reduced dose *Brucella abortus* strain 19, 477
Vagina and associated structures in cows, 337
Ventricular ectopic rhythms in small animal anaesthesia, 102
Ventricular tachycardia in small animal anaesthesia, 105
Vestibule in cows, histology and histochemistry, 328
Veterinary profession, changes in, 289
Viability staining of mouse embryos, 306

WEST African sheep and goats, parasitic diseases of, 264
